PROFILE

Specialized in Natural Language Processing (NLP) and an active member of the NLP team at **GalsenAI Lab**, I am passionate about R&D in information retrieval and extraction. I lead research projects end to end and have hands-on experience with unstructured, multilingual, high-stakes data, from training and deploying extraction models to building an entity linking benchmark. I aim to pursue a PhD in NLP.

EXPERIENCE

NLP Research Assistant (Internship)

Oct. – Dec. 2026

MoDyCo Laboratory (UMR 7114, CNRS – Université Paris Nanterre)

- Implementation of the AAD69 algorithm and comparison with distributional semantics methods.

R&D NLP Engineer (Volunteer)

2026 – Present

GalsenAI Lab

- Tokenizer extension for SmolLM3.
- Continual pretraining (LoRA vs full fine-tuning).
- Supervised fine-tuning (SFT).

NLP Engineer (Internship)

Jan. – Jul. 2025

IMGT (IGH, CNRS), Montpellier

- Training of information extraction models on WHO INN documents (monoclonal antibodies).
- Model deployment: <https://www.imgt.org/nerapp/>

Data Scientist – NLP (Internship)

Jan. – Jun. 2024

Université Mohammed V, Rabat

- Automatic document modeling and classification.

PUBLICATIONS AND PRESENTATIONS

- **Known but Unreachable: A Diagnostic Evaluation of Wolof Entity Linking against Wikidata.** NL4AI 2026 (AIXIA, Perugia), oral presentation. [\[PDF\]](#)
- **MudawanSn: A Gold-Standard Wolof–Arabic Parallel Corpus for Machine Translation.** Preprint, 2026. [\[PDF\]](#)
- **Connue mais introuvable.** Poster, ColDoc 2026 (upcoming). [\[PDF\]](#)

TECHNICAL SKILLS

- **NLP & Tools:** Information retrieval and extraction / Text Mining (NER, entity linking, RAG), LLMs (tokenizer training, continual pretraining, supervised fine-tuning, prompting), spaCy, NLTK, Label Studio, Hugging Face, linguistic resources and analysis (annotation, benchmarking)
- **ML & DL:** Python, R, PyTorch, Scikit-learn
- **MLOps:** Docker, FastAPI, Flask, GCP, CI/CD, Git/GitHub, Streamlit

EDUCATION

Master's Degree (M2) in Language Sciences – ADiReO track

2026 – 2027 (ongoing)

Université Paul-Valéry Montpellier 3

Master's Degree (M2) in Natural Language Processing

2025

Université Marie et Louis Pasteur, Besançon

LANGUAGES

French: Fluent | **English:** Advanced | **Arabic:** Fluent | **Wolof:** Native
